

BREAK UP PLANS FOR SETTLEMENT ON BREAKWATER

Marshall's Motion to Dismiss
Attachment Will Be Heard
Tomorrow

"All propositions as to a settlement have been broken up," declared one of the attorneys for the American Surety Company of New York, today, commenting on the cases that have been brought by the company against George E. Marshall, contractor, who was in charge of the Hilo breakwater until the government cancelled the contract.

There were no new developments today in the litigation directed at Marshall by the company. At 2 o'clock tomorrow afternoon Circuit Judge Whitney will hear argument on a motion by Marshall to dismiss the attachment secured by the surety company. Judge Whitney today declined to issue process directing Edward Deming, vice-president of the surety company, to be in court tomorrow. Attorney M. F. Prosser, one of counsel for the company, said he would attend to that. Deming went back to Hilo last Saturday to take charge of the completion of the breakwater.

At 2:30 o'clock last Saturday afternoon Marshall filed in circuit court a motion to dissolve the attachment in a suit for alleged debt brought against him by F. G. Mead. It is alleged that it does not appear in the complaint that the writ of attachment was issued on any action on a contract.

Marshall also filed at the same time a demurrer to Mead's action for alleged debt, a demurrer to the action for alleged debt brought by the surety company and a demurrer to the action for alleged debt brought by the Associated Oil Company.

A default judgment was to be entered in federal court this afternoon against a lot of silk seized by federal officials after its value had been underestimated to customs officers. The silk probably will be sold at auction.

BOURBONS PICK SUPERVISORS, IS LATEST REPORT

Ticket is Drawn Up and James
L. Coke May Run if Not Ap-
pointed to Bench

Political circles have begun to buzz with rumors and reports regarding who the candidates will be at the local election next June, and already a number of names have been put forward as likely aspirants for city and county offices.

That the Democrats already have a supervisors' ticket arranged is a report which went the rounds today. Bourbons whose names are mentioned in connection with this ticket are S. S. Paxson, E. H. F. Wolter, William McCallan, E. G. Dulsenberg and Lester Petrie. It is also reported that F. M. Hatch will be a candidate to succeed himself. If James L. Coke is not appointed to the local circuit bench he will be a candidate for supervisor, say politicians who profess to know.

So far as could be learned today the Republicans have not yet a supervisor ticket in the field.

Peterson will be in charge of the mechanical department.

TAX PAYMENT IS UNDER LAST YEAR BY HALF-MILLION

Honolulu people are very slow in the payment of their taxes this year. The amount received at the tax office up to 9 this morning was nearly \$500,000 behind the last year's mark at the same time.

Last year the taxes started to come in about the middle of October, but the first tax for 1916 had not been received until the 6th of this month. At the tax office this delay is put down to the excitement caused by the mainland and local elections. At 9 this morning the receipts stood as follows: Honolulu, \$125,304; Ewa, \$1379; Waimanalo, \$4,755; Wahiawa, \$55; Waikeolu, \$123; Koolaula, \$123; Koolau, \$820.

As the payments close at 4:30 on Wednesday afternoon the office expects a busy time for the next three days.

GUARDIAN TRUST PLANS RESULT IN BUSINESS CHANGE

Two changes of positions of men well known in local business circles were announced today. George S. Waterhouse of Bishop & Company is going to the Guardian Trust Company and R. C. Walker, secretary of the Audit Company of Hawaii, will take Waterhouse's place in Bishop & Co.

The business of the Guardian Trust Company has grown to such an extent during the past year that another man was necessary and Waterhouse was chosen to fill the position of assistant manager. He will be largely on the inside. He will take up his new duties the first of the year and the same time Walker will join Bishop & Company.

SALES OF CHRISTMAS SEALS WILL REACH TO \$2400, HEADS BELIEVE

The latest figures for the results of the Christmas seal selling campaign conducted by the Boy Scouts of Hawaii in Honolulu Saturday in the interests of the Anti-Tuberculosis League show a grand total of approximately \$2400 received. The report of one scoutmaster, which has not yet been received, will just about make that total.

Although the boys did not get quite so much money as was obtained last year, they solicited more people this year, according to Head Worker James A. Rath of Palama Settlement, who was in charge of the one-day campaign.

Robert Anderson's scouts, working downtown in the business district in conjunction with a few women and the Palama Settlement girls, obtained the largest sum of the day, \$1150.25, which would be expected.

To George Potters' troop, working the Nuuanu Valley district, however, goes the greatest honors of the day, a total of \$381.95, although scouting officials say that every boy at work Saturday did the very best that was in him. Everyone is especially grateful and proud of the boys' work.

F. W. Weitzel of Washington was indicted on 29 counts in the United States court at Covington, Ky.

Warning! Arizona Ray "Pool Stocks" "Pool Stocks" are to be Shunned

If you think that I am biased against a competitor broker, have your own attorney or broker explain to you the exact meaning of "pool stocks," and refer to the decisions of the supreme courts of Missouri, Maryland, Nebraska, New York and other states.

This attempt to wheedle the public is not going to be any more successful than the attempt made by the same outfit to sell you Goldroad Bonanza for 25 cents when it was offered in the open market at 17 cents.

There can be no jokers or flim-flam in this business, for all stocks are quoted simultaneously on all the leading exchanges and appear in all daily papers.

Beware of vendors of "pool stocks" who have not the interest here to warrant them locating in Hawaii and paying their rent and licenses.
